Re: Los Angeles Conservation Corps Grant Request from Mountains Recreation & Conservation Authority

Dear Ms. M.Guerrero,

The Los Angeles Conservation Corps (the Corps) would like to request a grant from the Mountains Recreation & Conservation Authority (MRCA). This grant is for work to install minor amenities at the Ballona Wetlands Ecological Reserve, the project will enhance the visitor's experience, provide educational opportunities and enrich environmental quality.

The Corps is an independent non-profit organization focused on providing youth opportunities for success through job skills training, education and work experience with an emphasis on conservation projects that benefit the community. The Ballona Wetlands Ecological Reserve project is aligned with the skills of our staff while providing training opportunities for our corpsmembers and achieving the needs of the City.

Please see attached budget proposal.

Sincerely,

A handwritten signature in blue ink that reads "B. Scheiwe".

Brent Scheiwe
Conservation Programs Director
