MEMORANDUM

TO: The Governing Board

FROM:  Joseph T. Edmiston, FAICP, Hon. ASLA, Executive Officer

DATE: October 2, 2013

SUBJECT: **Agenda Item VI(f): Consideration of resolution authorizing the expenditure of SMM-0742 and SMM-0743 funds to acquire properties in the Upper Santa Clara River watershed, at the Los Angeles County Tax Collector 2013A public auction.**

Staff Recommendation: That the Governing Board adopt the attached resolution authorizing the expenditure of SMM-0742 and SMM-0743 funds in an amount not to exceed \$230,000 to acquire properties at the Los Angeles County Tax Collector 2013A public auction.

Background: Grants SMM-0742 and SMM-0743 are Proposition 12 grants awarded to the MRCA from the Santa Monica Mountains Conservancy. SMM-0742 qualifies for the acquisition of tax defaulted parcels in the Upper Santa Clara River watershed, within the Rim Of The Valley Trail Corridor zone. SMM-0743 qualifies for the acquisition of parcels within the Angeles Linkage Conceptual Area Protection Plan and the Rim Of The Valley Trail Corridor zone.

The Mountains Recreation and Conservation Authority (MRCA) has had great success purchasing parcels through the Los Angeles County public auction process. The past few years has resulted in the acquisition of high quality open space purchased at low cost to the MRCA.

Staff is investigating available parcels in the Upper Santa Clara River watershed, which includes the whole Angeles Linkage Conceptual Area Protection Plan. The list of available parcels shrinks as the auction approaches, due to the payment of back taxes by the property owner. For any parcel where staff is the final bidder, a 10 percent deposit is immediately required. Funds from the MRCA's Auction Trust Account will be used to secure this 10 percent deposit for each parcel where MRCA is the winning bidder. The remaining 90 percent needs to be paid within 30 days after the auction.

The proposed action would constitute the approval to use SMM-0742 and SMM-0743 grant funds to purchase properties that are consistent with the scope of SMM-0742 and SMM-0743. The total amount potentially used from SMM-0742 is \$130,000 and the total amount potentially used from SMM-0743 is \$100,000.

Fair market value of properties is essentially established at the auction with the bidding process or by sale for just the minimum bid (back taxes). Title is cleared by the auction process. The proposed \$225,000 cap could acquire one parcel or many. The pool of available parcels is not set until a couple of days before the auction.
