

Ed Davis Park in Towsley Canyon

Event Capacities and Area Descriptions

Towsley Lodge

This beautiful Spanish-style ranch house sits atop a grassy, green knoll surrounded by cottonwoods. It provides a wonderful staging area for all types of events from corporate meetings to weddings.

A long, tranquil road leads you to a small white bridge you cross to arrive at the Lodge. The park immediately inspires a sense of harmony with nature.

The Grassy Knoll

The grassy knoll is a short walk from the Lodge. Under a canopy of trees and with your guests seated on the lush swath of lawn that slopes upwards toward the Lodge, this site would make a beautiful area for your ceremony and reception.

Fireside Rooms

Three connecting rooms give you the capacity for a formal or informal setting for your meeting, cocktail reception or family gathering. The capacity per room depends on your seating arrangement, however this versatile space can accommodate up to 75 people.

Living Quarters

Newly renovated rooms with wood laminate flooring, air conditioning and heating and comfortable beds provide convenience for overnight guests or a family retreat.

There are three bedrooms with bunk beds and two restrooms are located on the second floor of the Lodge.

A small seating area provides a serene location for reading and quiet time.
