## MEMORANDUM

**TO:** The Governing Board

**FROM:**  Joseph T. Edmiston, FAICP, Hon. ASLA, Executive Officer

**DATE:** May 28, 2019

**SUBJECT:** **Agenda Item IV: Consideration of resolution authorizing the expenditure of mitigation and private funds to acquire properties in the Los Angeles River, Santa Monica Bay, Antelope Valley, and Santa Clara River watersheds, at the Los Angeles County Tax Collector 2019B online public auction.**

Staff Recommendation: That the Governing Board adopt the attached resolution authorizing the expenditure of private funds and not more than \$175,000 of mitigation funds to acquire properties at the Los Angeles County Tax Collector 2019B online public auction.

Background: The Mountains Recreation and Conservation Authority (MRCA) has had great success purchasing parcels through the Los Angeles County public auction process. Auction participation since 2010 has resulted in the acquisition of high quality open space purchased at low cost to the MRCA. This June, the County is conducting an auction online. MRCA staff successfully won parcels at the 2014, 2016, 2017, and 2018 online auctions. The MRCA will attempt to purchase target parcels through this process on June 1-4, 2019.

Staff is investigating available qualifying parcels in the Los Angeles River, Santa Monica Bay, Antelope Valley, and Santa Clara River watersheds. The list of available parcels shrinks as the auction approaches, due to the payment of back taxes by the property owners. For any parcel where staff is the final bidder, a payment for purchase price beyond the \$5,000 registration fee needs to be paid within 3 days after the auction.

The proposed action would constitute the Authority's approval to use qualifying mitigation and private funds to purchase properties that are integral to the protection of riparian resources in the Los Angeles River, Santa Monica Bay, Antelope Valley, and Santa Clara River watersheds. Those fees are often watershed and habitat type specific.

Agenda Item IV  
May 28, 2019  
Page 2

Fair market value of properties is essentially established at the auction with the bidding process or by sale for just the minimum bid (back taxes). Title is cleared by the auction process. The proposed use of private funds and \$175,000 cap of mitigation funds could acquire one parcel or many parcels. The pool of available parcels is not set until a couple of days before the auction. Each parcel is initially offered at \$1,426 and the final purchase price will be determined by the interest and activity of registered bidders.
