Sheila James Kuehl has been recognized by her peers as one of the most effective elected officials in California. After serving two terms on the Los Angeles County Board of Supervisors, Supervisor Kuehl retired in December 2022. Kuehl had previously served eight years in the State Senate (2000-2008) and six years in the State Assembly (1994-2000). During this time, she was a Legislative Participant on the Santa Monica Mountains Conservancy. In all her elected offices, Kuehl represented the Santa Monica Mountains and the Coast, and championed the preservation and protection of open space as well as public access. During her tenure, thousands of acres of open space were protected including Upper Las Virgenes Open Space Preserve, King Gillette Ranch, and Corral Canyon Park.

As a Los Angeles County Supervisor, in addition to dedicating funding for hundreds of acres of additional open space, Kuehl presided over the adoption of the County's updated Santa Monica Mountains North Area Plan which maximizers preservation of the area's natural environment.
