

## Weekly Progress Report

1-5-2026 – 1-9-2026

Work Location: North Crummer (Ventura County)

APN: 685-0-090-160; 685-0-070-080

Overview: The goats and sheep continue to clear regrowth in the plots that have previously been cleared. The goats will continue to clear regrowth until they are transferred over to the Los Angeles County Fire side of Crummer South. The Los Angeles County herbivory treatment is estimated to start in February after the biologists have flagged the area for any sensitive and protected species.

## Weekly Progress Report

1-5-2026 through 1-9-2026

Work Location: (Los Angeles County)

APN: N/A

Overview: No work occurred this week due to the rainstorms. Work will resume once the ground has dried and heavy equipment can return to the area without damaging the roads.
